

### Collegiate Academy

Continue to implement and evaluate a comprehensive and strategic plan to significantly increase the quality of the district's advanced academics program [Superintendent Objective 2] by actively identifying and removing barriers that limit access to and opportunity for learning so that the percentage of graduates that meet the criteria for CCMR (Accountability) will remain above 95% through August 2024 for all demographic groups while also meeting annual targets for each demographic group [TEA HB 3/CCMR Requirement].

#### CCMR Targeted Professional Development Plan and Strategies

CA will ensure identified staff members are trained on the new TSIA. CA will train staff to hold TSI and STAAR support tutorials during the school day during our 6th period RTI/Club period. TSI Bootcamp will be held during class time on days prior to the start of the college semester and PSAT Prep outside the school day based on student need. All CA Seniors will apply to at least three, four year universities or trade schools by November 1, 2020 and apply for scholarships by May 1, 2021. Students will meet with an advisor from the TCC NE Transfer Center, CA senior Pathway teacher and CA counselor throughout the school year who have been trained to work with first generation college applicants. CA will focus on every student becoming TSI met by creating an intentional action plan for every student during TSI support classes, Critical Writing and Algebra 2 classes; staff will receive training on how to analyze that data. CA staff will receive training on how to provide senior students an opportunity during the 2020/2021 school year to take the ASVAB aptitude test. In collaboration with TCC NE Transfer Center, Pathway to Success class and Military Recruiters provide opportunities for students to create a personal plan for after CA/TCC NE graduation.
